We support local charities in their efforts to alleviate suffering and create a better living environment for the needy in our community. We have selected 22 local charities that focus on five distinct areas this year:

1. CHILDREN AND YOUTH

Your donations will support eight projects ranging from empowering ethnic minority youth at risk of subsistence abuse, providing technology education for girls, improving care for children with disabilities, to educating missionaries in China.

2. COMMUNITY

Your generous donations will help transform the current unsuitable situation of refugees in Hong Kong, and improve the transportation and delivery of second-hand goods to needy families.

3. MEDICAL

Your donations will support two medical projects, including providing relief easier for the elderly and cancer patients and their families.

4. ELDERLY

The OSC grant will help 14 projects in providing home care and education for mentally disabled old people, as well as improving the livelihood of the elderly suffering from chronic pain and dementia.

5. PHYSICAL AND MENTAL DISABILITIES
