What we do

We support local charities in their efforts to alleviate suffering and create a better living environment for those in need in our community. We have selected 14 charities that focus on four distinct areas this year:

Children and Youth

Your donations will help power projects in providing residential care and counseling service to homeless children and youths in Hong Kong. This Christmas, we invite you to join us in bringing hope to those in need.

This year, Operation Santa Claus is helping 14 local charities with projects that will improve the quality of life for children, youth, elderly, and those in need.

Your help will make a real difference to them. Please support or donate to the Operation Santa Claus (OSC) established by the South China Morning Post and Radio Television Hong Kong to connect the local community with worthwhile charities. Since 1984, OSC has brought joy, warmth and hope to millions of Hong Kong families.
